Bulk uniforms, made to order

Who we are.

R&S Uniforms makes and supplies uniforms in bulk for offices, schools, hospitals, factories and any team that dresses the same way every day.

We keep it simple. Clear prices, proper fabric, sizes that fit, and orders that arrive on the date we agreed.

WHAT WE DO	Bulk uniforms, made to your design or ours.
WHO WE WORK WITH	Companies, schools and colleges, hospitals and factories.
BASED IN	Bangalore.
EXPERIENCE	A family in the clothing trade since 1986.

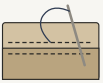

What we check.

Four things we look at before any order leaves us.

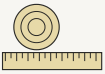

Fabric

Chosen for the work it has to do. Breathable for schools and hospitals, hard wearing for factories, smart for offices.

Stitching

Strong seams where a garment takes the most strain, so it lasts through daily wear and washing.

Fit

A full range of sizes, so every person on the team looks right and feels comfortable.

Finish

Clean collars, straight hems, and logos placed the same way on every piece.

Who we dress.

If your people wear the same thing to work, we can make it.

Your logo, your fabric.

Every uniform can carry your name, done the way that suits the garment.

BRANDING

i. **Embroidery**

Neat and long lasting. Best for logos on shirts, polos, blazers and coats.

ii. **Screen printing**

Good value for large runs of t-shirts and event wear.

iii. **DTF and heat transfer**

Full colour logos and small batches, with sharp detail.

iv. **Sublimation**

All over prints for sports jerseys. The colour goes into the fabric, so it does not crack or peel.

FABRIC

Cotton, poly cotton, polyester, drill and knit fabrics, in the colours you need. We show you swatches before anything is cut.
